Description	
Make available general variable 0x0F: Disable wagon speed limits	

Associated revisions

Revision 2241:544a4d22a377 - 2014-10-31 18:33 - frosch

Add #6474: Variable to test for enabled wagon speed limits.

History

#1 - 2014-10-30 13:13 - frosch

There are two things related to wagon speed limits:

- PatchFlag 5D: Test whether wagon speed limits are enabled.
- PatchVariable 0F: This is the speed bonus which empty wagons get in TTDPatch. Always 0 in OpenTTD.

I assume this is a request for the flag, the variable looks rather useless to me, even when considering TTDP support.
